Drawing at Galerie JS

Return of this popular course for beginners and improvers

NEW

Now in its 4th year. One afternoon a week for eight weeks.
Learn the basics of drawing or improve your technique.

I believe drawing is a skill that can be taught and that anyone can learn the basics of drawing.

For the past four years I have offered art classes in Monflanquin, helping many complete beginners to discover and develop their artistic skills.

As a professional artist and qualified teacher I'll help you to understand proportion, perspective, light and shade and many other useful techniques to help you learn or develop as an artist. Whether you're a complete beginner or looking to return to art, I hope this course will be both helpful and enjoyable.

Classes are informal and light-hearted, with as much (or as little) help and guidance as you would like. Class numbers are kept small for this reason.
